

NEW!

ORAJET® 3952F Digital Printing Film

Cast version of highly transparent PVC film

The new ORAJET® 3952F enables easy installation of window graphics. The long term durability of 7 years* makes it the perfect choice for many window applications.

The printed window graphics can be installed in full sheets, making installation faster and easier than ever. In the areas on the film where there is no print, the ORAJET® 3952F is so clear that it is hard to even notice the film.

The material is printable with solvent based inks, UV- or Latex inks

** not printed*
